We grew together, and we feel proud to be part of PoliHub's impressive achievements as the third best university incubator in the world. We congratulate PoliHub and wish them an even brighter future!

### ***About LEDCOM International***

LEDCOM International S.r.l. is a leading manufacturer of lighting control gear, lighting wireless controls and smart city applications. Its LED drivers are recognized as the top quality control gear in the market and, among other advantages, they stand out for their capability to integrate inside the same form factor wireless communication functionality at multiple frequencies without additional external boxes. Through its CellLED® project, LEDCOM is also turning the street lighting system into a pervasive next generation mobile communications infrastructure.
